

# Workshop for Experienced Billers

Join us for lunch and an afternoon of in-depth training on completing and troubleshooting claims. This workshop is designed specifically for your billing staff and will include an opportunity to work one-on-one with our knowledgeable Claims Adjudicators. Attendees should bring examples of specific denials or claims issues as time will be allotted to review claims and EOBs.

A general presentation and claims website demonstration will be given, after which attendees may then visit various stations that will discuss specific topics such as: TARs, Modifiers, NCCI edits, EOBs, National Codes, and EDS.
