

Primary Care Provider After Hours Brochure

To increase availability for members seen on a walk-in or by appointment after routine business hours, CenCal Health rewards Primary Care Providers (PCP) for visits after hours within the PCP Incentive Program for Santa Barbara Health Initiative (SBHI) and San Luis Health Initiative (SLOHI) members. After hours visits are those that take place during evening (after 5:00 PM) or weekend hours (Saturday and/or Sunday). CenCal Health's goal is to keep members out of the emergency department and urgent care centers for services that can be appropriately managed by PCPs.

BLUE = Doctors in Santa Barbara County

Red = Doctors in San Luis Obispo County

Office hours subject to change. Please call to check availability.
